Celeste Aoki: Diary Entry 3

January 23, 2013

Dear Mom,

I did a good thing today! Auntie Acacia was going through invention withdrawal (it was really scary by the way, she looked like she was dying!), so Mr. Westbrook and Ms. Wuthrich decided to rebuild Jocasta's body. I'm glad they can fix something Doom broke... Anyways some group of baddies called the Syndicate started attacking and they had to bail! Ms. Wuthrich said she'd finish Jocasta, but for some reason she left too, wearing some ridiculous costume. But I didn't think it was right to just leave Jocasta like that, so I decided to fix her! I got Harry to help me (You remember Auntie Acacia's boyfriend, right? Haha, that was a weird dinner). He wasn't really much help, he had no clue what he was doing. But I did. I told him to lift the things I couldn't and handle all the dangerous stuff. And before you know it, I had Jocasta all fixed! But I wanted Ms. Wuthrich to get all the credit, so when she came back, me and Harry hid in the

closet. You should have seen the look on her face! She took me out for ice cream to say thank you, and needless to say it was delicious! See mom, I'm being a good girl, like I promised!

Much love,

Celeste

End of translation.

Goodbye.

“Yes! Finally, I’m making some progress. This is the first one that looks like it leads to the Dark Day. I’ve got to find the rest!”
